

DLR SERIES

New Ultra Efficient Digital Technology

- World's smallest radio that covers 300,000 sq. ft. or 20 floors
- Comparable coverage to most larger, heavier 4/5 watt analog radios
- No license required in U.S. and Canada
- Private, secure and interference-free conversations
- Meets rugged military standards for dust, moisture, shock and vibration

Every Radio Includes:

- Li-Ion Battery, up to 14-hour operation
- Desktop charger
- Swivel belt clip

*Stop wasting minutes.
Start using radios.*
